Help us pay tribute to you and your fellow early learning professionals!

Ask children in your care to create artwork or drawings appreciating child care professionals, teachers, and administrators and take a photo of each of them. You can email the photos to earlylearning.symposium@ousd.org by Friday, May 14. Make sure to include the name of the organization/school/child care program they are from in the email. Everyone who submits a contribution will be part of a **drawing for children's books and other prizes.**
